**THE COMPASS GROUP AND HOLLYWOOD CAPITAL ANNOUNCE**  
**THE FORMATION OF ANODYNE MEDICAL DEVICE, INC.**

**Los Angeles, CA – February 22, 2005 – The Compass Group International, LLC (“Compass”) and Hollywood Capital, Inc. (“Hollywood”), announced the formation and capitalization of Anodyne Medical Device, Inc. (“Anodyne”) to acquire leading manufacturers of medical support surfaces.** Medical support surfaces are products used for the prevention and treatment of pressure wounds experienced by patients with limited or no mobility.

The new company, headquartered in **Los Angeles, California**, also announced **the acquisition of AMF Support Surfaces, Inc., and SenTech Medical Systems, Inc**

**AMF Support Surfaces, Inc.** (“AMF Support”) located in **Corona, California**, (<http://amfsupport.com>) manufactures a complete line of specialty medical devices for the treatment and prevention of pressure ulcers. AMF Support, the market leader on the west coast of the United States, offers complete foam design capabilities and develops and manufactures an extensive line of powered and static mattress replacement systems, mattress overlays, seating cushions and patient positioning devices.

**SenTech Medical Systems, Inc.** (“SenTech Medical”) based in **Coral Springs, Florida**, (<http://www.sentechmedical.com>) is the nation’s leading designer and manufacturer of advanced electronically controlled alternating pressure, low air loss and lateral rotation specialty support surfaces for the wound care industry. Named “Manufacturer of the Year” by the South Florida Manufacturer’s Association, SenTech Medical is dedicated to providing products that offer the absolute highest level of quality and therapeutic benefit for patients, including a complete line of bariatric surfaces.

With the acquisition of AMF Support and SenTech Medical, Anodyne Medical Device, Inc. became the nation’s leading designer and manufacturer of specialty support surfaces and patient positioning devices. Anodyne is the only developer and manufacturer of medical support surfaces with manufacturing facilities located on both coasts of the United States to better serve a national customer base.

“With expertise and manufacturing capabilities in both foam-based and air-based products, Anodyne will be focused on the research and development of new pressure reduction technologies. I am pleased to announce the retention of the exceptional management teams at both AMF Support and SenTech Medical as well as managements’ participation as partners with Compass and Hollywood in Anodyne’s future growth,” said Mark Bidner, Chairman and CEO of Anodyne.

The Compass Group is a private investment firm focused on small and middle market business service, manufacturing and distribution companies, providing funding for pursuit of growth opportunities, ownership changes and recapitalizations. Compass acquires interests in a broad range of industries, with a preferred equity investment size of \$5 million to \$30 million, facilitating transactions of \$15 million to \$150 million in value.
